

Stratford-on-Avon District Council along with our partners and supporters are holding a free event on **12th March 2010** from **10am - 4pm** at **Gaydon Heritage Centre**, Banbury Road, Gaydon, Warwick, CV35 0BJ

Your Council, Your Services ... working for you

Please come along and see how we are delivering and improving services, and working with our partners to help maintain our beautiful area and improve quality of life for our residents and workers.

You will have an opportunity to speak to the council officers about the services you receive, and how we can improve them to better suit your personal circumstances.

Our partners from the County Council, NHS, voluntary sector and private sector will be at the event.

There will be an opportunity to see demonstrations and take part in activities.

We will be launching the **Stratford District digital TV channel**, and you will be able to get advice on how to access Your Council and other services through digital TV.

To help residents who do not have their own transport we are organising transport from Alcester, Bidford, Henley, Stratford, Shipston, Southam and Warwick Parkway.

Please register your place and transport request on www.stratford.gov.uk/beacon or call Tina Brain 01789 260802 to book your transport. We will confirm pick up times after you have registered.
